CIRCULAR

REGARDING GREEN INITIATIVES

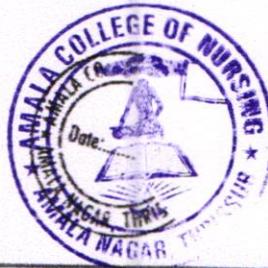

Amala College of Nursing, Thrissur has adopted green initiatives to reduce the use of plastic and to promote significant reduction in waste generation in our daily life. We, hereby issue the following guidelines for students and staffs to promote green initiatives in our campus.

Guidelines

1. Avoid the use of all types of disposables (including plastic, paper) in daily life
2. Always use cups and containers that can be washed and reused instead of those made of plastic or paper
3. Avoid banned plastic materials; follow government rules in this regard
4. Segregate and treat bio and non-bio degradable waste separately using appropriate devices and waste management methods
5. Avoid 'use and throw' carry bags. Always use bags made of eco-friendly materials
6. Always use cloth banners instead of flex
7. Always use eco-friendly materials like leaves flowers etc for decoration and while making bouquets for felicitating guests.
8. Educate students and parents regarding green initiative in campus
9. Display educational materials (Do's & Don'ts) in the notice board
10. Reduce printing, paper works, plastics, pens to minimum. Promote E-filing and E-notes to students.

CIRCULAR

REGARDING INITIATION OF PLASTIC FREE CAMPUS

Plastic waste has emerged as one of the biggest environmental concerns adversely impacting the soil, water, health and well-being of citizens at large. The educational institutions have the unique spread and influence to educate the students and households on the need for avoiding usage of plastics. Amala College of Nursing, Thrissur, hereby issues the following guidelines for students and staffs to promote 'plastic-free' campus.

Guidelines

Our institution shall strive to make our campus 'plastic-free' by systematically banning use of plastics and replacing the same with suitable environmental friendly substitutes.

1. Ban use of single-use plastics in canteens, shops in the institution's premises and hostels.
2. Mandate all students to avoid bringing non-bio-degradable plastic items to the institution.
3. Educate students regarding harmful impacts of single use plastics.
4. Encourage students to sensitize their respective households about harmful effects of plastics and make their households 'plastic free'
5. Install necessary alternative facilities like water units to avoid the use of plastic water bottles, and encourage use of alternative solutions like cloth bags, paper bags etc., instead of plastic bottles, bags, covers and other goods on campus.

GREEN CAMPUS INITIATIVES

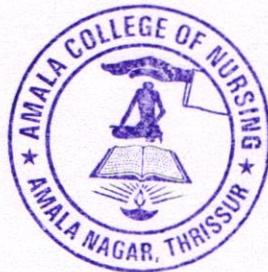

A plethora of events are organized each year to create awareness on the need for a clean and green environment. The College is committed to environmental protection and follows green practices in all its policies and decisions. The importance of landscaping trees and plants has been emphasized in our practices. Amala campus assets a beautiful landscape of trees and plants to control growing pollution caused due to carbon mono-oxide, sulphur dioxide and other harmful gases and smoke emitted by vehicles and industries. The College ensures suitably rated fuses, cables, transformers and motors which are energy efficient to minimize power consumption. The College minimizes the use of plastic bags and containers to the extent possible for the reduction of the carbon footprint. Amala has an existing policy on the restriction of entry of heavy vehicles. The institution follows a strict security checking on entry of automobiles to protect and secure the needs of public. The campus promotes battery-powered vehicles to control or reduce the chances of environmental pollution.

VEGETABLE GARDEN/ HERBAL GARDEN

Amala campus assets a beautiful landscape of trees and plants to control growing pollution caused due to carbon mono-oxide, sulphur dioxide and other harmful gases and smoke emitted by vehicles and industries. Amala campus has keen interest to maintain the greenery and aforestation activities. 500 trees and saplings are planted last year. Nearly 2 acres herbal garden is also cultivated at Amala campus. Plethora of herbal trees and shrubs multiplies the beauty of our campus. Amala campus use recycled water for various purposes such as gardening, irrigation of 8-9 acres of agricultural land.

PROTOCOL FOR GREEN INITIATIVE IN CAMPUS

Government of Kerala has launched 'Suchitwa Mission' as a part of the government's anti-plastic drive and Green- Kerala mission. Green protocol, the new age waste management system has become a movement today. Amala College of Nursing, Thrissur has adopted this initiative to promote significant reduction in waste generation. The core objective of the initiative is to reduce the use of plastic in daily life.

The protocol for green initiative adopted by our institution is as follows:

1. Avoid the use of all types of disposables (including plastic, paper) in daily life
2. Always use cups and containers that can be washed and reused instead of those made of plastic or paper
3. Avoid banned plastic materials; follow government rules in this regard
4. Segregate and treat bio and non-bio degradable waste separately using appropriate devices and waste management methods
5. Avoid 'use and throw' carry bags. Always use bags made of eco-friendly materials
6. Always use cloth banners instead of flex
7. Always use eco-friendly materials like leaves flowers etc for decoration and while making bouquets for felicitating guests.
8. Educate students and parents regarding green initiative in campus
9. Display educational materials (Do's & Don'ts) in the notice board
10. Reduce printing, paper works, plastics, pens to minimum. Promote E-filing and E-notes to students.

The screenshot shows the website's navigation menu with 'Departments' highlighted. A sub-menu is visible, listing 'Medical College Hospital', 'Homeopathic Hospital', and 'Ayurvedic Hospital'. The 'Medical College Hospital' option is highlighted with a red box. Below the menu, a list of clinical departments is displayed, including Anaesthesiology, Cardiology, Community Medicine, Dentistry, Dermatology / Aesthetic Dermatology, E.M.T, Endocrinology & Diabetology, Emergency Medicine, Gastroenterology, General Medicine, General Surgery, Neurology, Neurosurgery, Nephrology, Oncology, Obstetrics & Gynaecology, Ophthalmology, Orthopaedics, Pediatrics, and Peripheral vascular surgery.

The screenshot shows the 'HOMEOPATHIC HOSPITAL' page. The page title is 'HOMEOPATHIC HOSPITAL'. The main content describes the hospital's history, stating it was established in Amala Nagar on May 29, 1989, by the great visionary, Padmabhushan Rev. Fr. Gabriel CMI. It mentions the hospital's commitment to providing a common platform for Modern Medicine, Ayurveda, and Homeopathy. The text highlights the hospital's excellence in Homeopathy, which is a gentle and effective system of medicine. It also mentions that Homeopathic medicines are strong immune boosters.

OP Timing

Monday to Saturday: 9 AM to 12:30 PM and 3 PM to 4 PM

Learning disability and ADHD clinic on all Saturdays. Counseling facility available by prior booking.

Facilities

Amala Homeopathic Hospital which began with a single unit of OP Department is now well equipped to take in-patients also. The hospital uses Homeopathic softwares like Radar, Hompath for detecting similimum. The hospital has a laboratory with the most sophisticated facilities. Homeopathy always examines patient's mental make-up and the treatment is given to mind and body together, and not to eradicate the disease alone. The medicine offers constitutional remedy that covers the sick person's body and mind as an entire whole.
