Action Taken:

The first presentation was done by Ancy Christeen James. Guide was Dr. Ambika C. The Statement of the problem was 'Effect of gratitude journal on level of Subjective happiness and life orientation among Orphans, Idukki'. Major suggestions by the experts were regarding Research question, exclusion criteria modifications and regarding the age of the sample.

Secondly, Ms. Anjaly Krishnan under the guidance of Dr. Sr. Mercy John on the title: Study to assess the body image perception among adolescent girls with relation of anxiety, depression, stress and self-esteem with a view to develop an interventional package in a selected private schools at Thrissur District. The experts suggested that too many variables may complicate the feasibility, so that use of tools, preparation of intervention package, operational definitions and inclusion criteria need more clarifications and present it once again.

Thirdly, Reshma Sabu belongs to Dept. of Mental health nursing under the guidance of Mr. Shaly Joseph Pullan was presented the statement.

Effect of COPE program on quality of life among wives of alcoholics. Suggestions and advice for modifications were regarding spelling mistakes, numbering and clarifications on objectives, concised interventions, Confidentiality of data from samples. Need re-presentation.

Next, Ms. Dincy K. Davis was presented the statement "Assess the prevalence and risk factors of abortion among antenatal women in a tertiary care hospital, Thrissur under the guidance of Dr. Asha Raj. The main suggestions given were the modification of objectives, operational definitions (abortion), hypothesis, use of abbreviations, inclusion criteria and tools using in the study.

Lastly, Honey TG belongs to Dept of OBG Nursing was presented her study under the guidance of Ms. Linda Varghese. The statement of the problem was Assess the perceptions of adherence to Anti-Retroviral Therapy (ART) among women living with HIV in selected centers, Kerala. The suggestions were to modify statement as barriers and perceptions of adherence --, no need of restricting to reproductive age group and operational definition, women - as minimum of 6 months of ART.

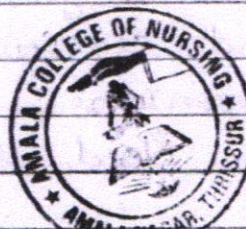

All students are instructed to modify their proposals according to expert suggestions and refine it before next presentation. The meeting adjourned by 12:45^{pm}.
