Simulation constitutes a teaching method and a strategy for learning and understanding theoretical knowledge and skills in the nursing and medical field. Amala college of nursing is having a well established simulation and departmental labs which is designed to provide an immersive learning experience for both faculty and students. On 28/05/24 and 30/05/24 Dynamic Tracom provided an exclusive online demo session on Maternal and Neonatal Emergency Simulator Training for the faculty. Faculty from Department of OBG and Child Health Nursing were attended the demo class. The session was highlighted on various demonstration like prenatal nursing for pregnant women and fetal and postnatal nursing for mother and newborns. The mannequin were highly functioning features such as automatic birthing system, CPR of pregnant women and newborn. The demo session was very effective and the faculty apply their theoretical knowledge in carefully created hands-on scenarios that mimic various clinical situations. The session was winded up at 4.00 pm followed by clearing the doubts .
