REPORT ON ANIMAL HOUSE VISIT

We, first semester Bsc. Nursing Students, 2023 Batch of Amala College of Nursing got an opportunity to visit Animal House, on 18th Nov 2023. The objective of the visit was to enhancing knowledge in animal research. The visit was under the guidance of Mrs. Surya K. The research staff gave explanations about various experimental species, such as rat and mice. We saw different rooms where animal studies are conducted. They buy animals from different place, mainly from Mannuthy Veterinary house and were kept in isolation room for quarantine. After 2 weeks they were took to analyze whether there is any presence of disease and other variations. Then they were took for experiment. They provide separate room for quarantine observation, experiment etc. The animals from which the sample should be collected are sacrificed for research purpose.

The visit was an indeed opportunity for Bsc Nursing students to explore more about animal research and also gather more information regarding Amala Research Centre. As a whole, the visit was really informative.

REPORT ON ANIMAL HOUSE VISIT

As a part of enhancing knowledge in research, A visit to Animal house, Amala Institute of Medical Sciences was conducted on 20th Nov, 2023 for BSc Nursing 2022 batch. The visit was under the guidance of Mrs. Swiya K. The research staff gave an explanation about the various experimental species of rat and mice and the different rooms used in the research studies of these species. The main conditions under purview are cancer and diabetes. The various behaviours exhibited by the animals are carefully observed, recorded and analysed. Samples are also collected to support the research theories. The visit was informative for the students and helped to broaden their knowledge about cancer related research.

REPORT ON ANIMAL HOUSE

As a part of NAAC,
1st year Bsc Nursing Students of
Amala College had a chance to visit "Animal
House" in Amala Research Centre on 19th December
2022 at 2:30 pm. After reaching research centre the
students of research centre took us to the different
rooms where mice and rats were kept for the
experiments. They buy animals from different places
mainly from Mannuthy Veterinary House and were
kept in isolation room for quarantine. After 2 weeks
they were taken to analyse whether there is any presence
of disease and other variations, then they were
taken for the experiment. They provide separate room
for quarantine, observation, experiments. The animals
from which the sample should be collected are
sacrificed in and others whose behaviours to be noted
are placed in Rehabilitation centre.

The visit was a great opportunity for us
to know about the various research procedures carrying
out in Amala Research Centre and also enhanced our
knowledge.
